## **Distinguished Day Spa Awards for 2001**

The Day Spa Association awarded this year's Distinguished Day Spa Award 2001 to three of its accredited Day Spa Members. From the Canadian accredited members, for the second year in a row, Fayez Beauty Spa in London, Ontario, Canada received the most votes. The U.S. candidates had a close race and there was a tie between Adam Broderick Salon & Spa, Ridgefield, CT and Atzen Medi-Spa, New York City, NY. In order to be considered for The Distinguished Day Spa Award of the Year, day spas have to be accredited by the Day Spa Association as to their adherence to the Association's guidelines. "When we get ready to choose our Award winner, we invite all accredited spa members to submit a 50 word synopsis why they think they deserve this award," explains Hannelore R. Leavy, Chairperson of the Day Spa Advisory Board. The Day Spa Advisory Board then casts their vote judging not only by spa menu, their quality of service and commitment, but taking into consideration all aspects of operating a day spa. ■
